A Jane's Walk, named for the urban activist and writer Jane Jacobs, is a citizen-led walk held the first weekend in May.

People of all ages attend Jane's Walks to share ideas, insights, and memories about their neighbourhood. They discuss the spaces they like best in their neighbourhood, the amenities they have or would like to have, the features that make their neighbourhood unique, and the changes they would like to see to promote walkability and a sense of community.
