

Seaquaria Ocean Education: Sensational Sea Summer Camps

ABOUT THE CAMPS

Come join the Seaquaria team for our Sensational Sea summer camps! Spend three days learning about native Olympia oysters, local intertidal ecosystems, the watershed, and more in Esquimalt Gorge Park! This three-day camp (Tuesday through Thursday) combines educational experiences in the Gorge Nature House with in the field activities throughout the park. Days at camp are also filled with games, art, and recreation! The camper to leader ratio is 10-20 campers to 2 leaders.

CAMP DATES
